Profile

Full-Stack Developer proficient in **JavaScript**, **React**, **Node.js**, **Express.js**, **MongoDB**, and **MySQL**, with expertise in building **scalable**, **responsive**, and **user-friendly applications**. Skilled in **HTML 5**, **CSS**, **TailwindCSS**, and **RESTful APIs**, with a strong foundation in algorithms, **data structures**, and software engineering principles. Quick learner with a passion for **problem-solving** and **efficient development**.

Skills

- **PROGRAMMING LANGUAGES:** C, C++, JAVA, Javascript, Typescript
- **FRONTEND:** HTML 5, CSS, TailwindCSS, React JS
- **BACKEND:** Node.js, Express JS, RESTful API
- **DATABASE:** MySQL, MongoDB
- **VERSION CONTROL:** Git, Github
- **INTERPERSONAL SKILLS:** Effective Communication, Fast Learner, Adaptability

Projects

Project Management System with Task Scheduling | January 2025 – Present

- **Implemented user authentication and authorization** to ensure secure access and role-based permissions.
- **Integrated real-time collaboration using Socket.io**, allowing multiple users to work on the same project simultaneously.
- **Developed a task management system** to store and manage **title, description, priority, and deadlines** efficiently.
- **Built with a modern tech stack**, including **React**, **Node.js**, **Express.js**, **MongoDB**, **Socket.io**, **Tailwind CSS**, and **Lucid-React** for scalability and responsiveness.
- **Designed an intuitive UI with Tailwind CSS and Lucid-React**, enhancing user experience and accessibility.

Expense Tracker Website | November 2024 – December 2024

- Built an expense tracker website using **React** with a focus on user-friendly **design and functionality**.
- Incorporated expense categorization to track various types of expenses (e.g., **food**, **travel**, **entertainment**).
- Implemented features to **store**, **manage**, and **categorize** expenses for efficient financial tracking.
- Integrated **TailwindCSS** for styling, ensuring a **responsive and modern interface**.

News App | August 2024 – September 2024

- Developed a news app using **React** and integrated **News API** for real-time news updates.
- Implemented **search functionality** and **category filters** for a **personalized user experience**.
- Utilized **React hooks** for **state management** and optimized rendering.

Certification

Achieved Elite Silver status in the NPTEL course "Introduction to Internet of Things," instructed by Prof. Sudip Mishra from IIT Kharagpur, with a score of 88%.

Education

BE in CSE with a specialization in IoT | Chandigarh University | (2022-2026)
